SPARKLING WINE

"The joy of successfully bringing Atlantic character to the world of alcohol-free wines. It is a milestone and a success, and above all, it is exciting to see that a great 0.0% sparkling wine can measure up in terms of character, aroma, freshness and food-pairing potential."

A NEW STYLE

The 0.0% revolution arrives on the Atlantic coast with a crisp, fresh alcohol-free sparkling wine, born of Mar de Frades' innovative spirit. Three defining features: low sugar content, acidity with a distinctly Atlantic character, and real versatility with food thanks to its soft, persistent bubbles. This wine opens up the pleasure of sparkling wine to those seeking a great 0.0% option.

WINEMAKING

We use an advanced dealcoholisation method that relies on vacuum distillation at a very low temperature. Our expertise and innovative approach allow us to produce a 0.0% sparkling wine that is low in calories and finely balanced between acidity and freshness.

TASTING NOTES

Its aroma captivates with evocative notes of Granny Smith apple, lemon peel and eucalyptus.
Refreshing on the palate, it is driven by vibrant acidity, perfectly balanced by sweetness.
The bubbles give it a persistent finish and enhance its aromatic profile. Its finesse and freshness make it the ideal choice for anyone looking to enjoy an alcohol-free sparkling wine. With a real flair for food, this wine is perfect for any occasion or dish, whether at the bar or at the table. Serving tip: Mar de Frades Blanc de Blancs 0.0% should be served very cold, between 4 and 6°C, to preserve its fresh character.
